August 26, 1959

Saw 6 objects in southwestern sky
and 3 near the big dipper at
about 20:45 hr. until about
20:50 hr. Saw 2 more at 21:10hr.
until 21:16 hr.

Single lights going faster than
a jet. Light was a yellowish white
about as large as the 1st magnitude
stars.

Went horizontally for about 5 minutes
then slowly fading out.

One went from the end star on
handle of Big Dipper to end star
in cup, in about 3 seconds.

Dear Sir,

This small summary of what I saw is true. It is not for publicity, for I don't care to have any.

I don't know what the objects were but I don't believe they were "flying saucers" or any fantastic idea like that. All I would like to know is what they were.

There were five people in the boat when we saw them. We were on our way from Winneconne Wis. on Lake Butte Des Morts back to Oshkosh Wis. when we saw them.

I have read the two articles in the Saturday Evening Post by Mr. [REDACTED] in the April 30 and May 7, 1949 issues and the

book; Report on Unidentified
Flying Objects by Mr.
~~_____~~ So you
see I know a little bit
about the subject.

Sincerely,
